**FOR IMMEDIATE RELEASE**

## **Los Angeles Police Federal Credit Union Wins Gold Award for Best New Headquarters**

*Law Enforcement Credit Union unveils a modern, inspired workplace geared toward an enhanced member experience in a world-class facility*

VAN NUYS, Calif., April 18, 2023 – Los Angeles Police Federal Credit Union (LAPFCU) won the coveted Gold Award for Best New Headquarters for its Van Nuys location remodel. The *San Fernando Valley Business Journal* presented the award to LAPFCU April 13 at the 2023 Commercial Real Estate Awards, an event that recognizes the region’s most impressive and impactful real estate projects each year.

LAPFCU fills a specialized niche in the region, serving the financial needs of law enforcement community and their families in regions throughout Southern California. The Van Nuys remodel improves branch functionality, security, and productivity, providing enhanced member interactions. Local companies Parker Brown General Contractors and RACAIA Architecture + Interiors designed and managed the project. Daniela Levy, RACAIA Partner, says, “We believe that strengths and insights across our team emerged elegantly in this wonderful project for LAPFCU. Our company vision is based on fusing creative, technical, and strategic acumen to deliver person-focused environments in which our clients can thrive. We’re deeply grateful to get to work with LAPFCU on this amazing project, and just as thankful to receive such a tremendous honor.”

The remodel consciously supports LAPFCU's focus on providing an unmatched membership experience and an environment that fosters employee engagement and excellence. Upon arrival, the covered garage offers additional safety and improved accessibility for disabled individuals. Inside, the open layout improves traffic flow, enhances privacy, and maximizes efficiency.

The boardroom has been transformed into a beautiful, state-of-the-art collaboration space. A distinctive custom overhead lighting feature illuminates the modern u-shaped table, which faces two oversized presentation screens. Windows overlooking a light-filled atrium brighten the expansive room, which is appointed in warm woods complemented by sleek metals. Upholstered bench seating with swing-arm desktop tables along one side of the room accommodates additional guests.

Light and bright workspaces feature open floorplans with ergonomic furniture and contemporary finishes. Spacious, high-tech conference rooms allow for comfortable in-person and virtual meetings. The warm, inviting employee breakroom offers group seating and individual work/study stations, high-end kitchen amenities, and ample space for associates to gather and socialize.

“LAPFCU's Van Nuys branch headquarters remodel is essential to our long-term growth strategy,” says John Roemer, President and CEO of LAPFCU. “We believe in hiring and retaining an exceptional associate pool. Now the highly talented team at our headquarters location has a modern workplace that helps streamline their workflows and provides a beautiful aesthetic in their everyday surroundings. We are dedicated to providing our members with the best possible tools to help them achieve their goals. To do this, we must continuously adapt and enhance our products, services, and facilities to effectively meet their needs.”
